Can You Reverse Gray Hair? 4 Natural Ways ... - Body Ecology

Owing to my early Marxian intellectual training, the article examined not merely environmental pollution but also its deep-seated social origins. Environmental issues had developed in my mind as social issues, and problems of natural ecology had become problems of "social ecology" — an expression hardly in use at the time.

Antlion - Wikipedia

Leptodactylus fallax, commonly known as the mountain chicken or giant ditch frog, is a critically endangered species of frog that is native to the Caribbean islands of Dominica and Montserrat. The population declined by at least 80% from 1995 to 2004, with further significant declines later. A tiny wild population remains on Dominica where there are efforts to preserve it, but few or none ...

Scientific Sessions - ASLO

The cocoon may be buried several centimetres deep in sand. After completing its transformation into an adult insect over the course of about one month, it emerges from the case, leaving the pupal integument behind, and works its way to the surface. After about twenty minutes, the adult's wings are fully opened and it flies off in search of a mate.

Deep Ecology For The Twenty

Air-Sea Interactions A01 Air-Sea Interaction and Climate Variability in the Atlantic Ocean: Observations, Modeling, and Theories Session Format: Hybrid Organizers: Laifang Li, llis240@psu.edu Nicholas Foukal, nfoukal@whoi.edu Feili Li, kimberley.drouin@duke.edu The Atlantic Ocean exchanges heat and carbon with the overlying atmosphere. This active coupling between ocean and atmosphere is ...

Leptodactylus fallax - Wikipedia

Also a Nobel prize winner, Dr. Metchnikoff was one of the first scientists to discover and reap the benefits of eating fermented foods. For a short time, Dr. Metchnikoff ' s probiotic " theory " — that good bugs could improve health and keep the mind sharp with age — stayed at the forefront. 2 But it wasn ' t until the mid-1990s that a fervor for all things fermented returned to the ...
