Denon has been making A/V receivers for about as long as there have been A/V receivers, and it's rarely produced a bad one. The brand usually gleans more attention for its ü ber-dollar high-end models than for the kind of high-value, midprice models that win the credit-card swipes of most buyers. But this new AVR-991, with its suggested price under \$1,000 and its rich feature set, may change ...
