Business School

Designing for Growth

Designing for Growth

aims to demystify

design thinking by

decoding design from

an abstract idea into a

practical, everyday tool

from which any

manager can

Get Free

profit.&nbsp; The book explains that the

process starts with

customers and the

ability to create a better future for them, it

acknowledges that we

probably won't get that

right the first time, and

it assures us that

making it work

certainly does not

require supernatural

powers.
