Interaction design - Wikipedia

What is Interaction Design? As per Dan Saffer, Author of Designing for Interactions, Interaction design is the art of facilitating interactions between humans through products and services. The goal of interaction design is to facilitate interactions between humans.

Designing for Interaction: Creating Innovative ...

Although he wouldn't hear the term "interaction design" for another decade and a half, Dan Saffer did his first interaction design work as a teenager in the mid-1980s when he designed and ran a dial-up game on his Apple IIe, a 2600-baud modem, two floppy disk drives, and a phone line. And yes, it was in his parents' basement.
