Digital Camera World Magazine August

The annual Camera Magazine Imaging Awards recognise excellence in the design and execution of imaging products. Another year of Covid-19 difficulties has had a number of impacts on the makers of imaging products, and yet the last 12 months has still delivered plenty of new stuff, giving us plenty to think about when it came to ...

Photography Magazine - Digital Photo Pro

Digital photography uses cameras containing arrays of electronic photodetectors to produce images focused by a lens, as opposed to analog photographic film. The captured images are digitized and stored as a computer file ready for further digital processing, viewing, electronic distribution, or digital printing. Until the advent of such technology, photographs were made by exposing light ...
