Digital Communication Proakis 5th Edition
While I was loathe to purchase this newest edition of Proakis' book on Digital Communications, owing to older editions floating around my lab, I decided it was worth it to shell out the money for this most recent edition. It is fairly concise, and provides an excellent survey of modern digital communications.

With 5th Edition, this book is over 1000 pages. Digital Communication is not like programming book (which is full of coding list). It is full of reasoning and math. I can't imagine any person can go through this 1000-page journey. Would it be a good reference/dictionary? Certain it is not except for its size.
