### Disastrous Decisions : Andrew Hopkins : 9781921948770

Humans make disastrous decisions. They hunt animals to extinction, deplete soil nutrients with extensive farming, and clear out wildlife habitats to build homes without considering the consequences. These decisions, though unintentional and unnoticeable at first, lead to problematic and even irreversible tribulations. The risk of making disastrous decisions is now riskier than ever due to a ...

**Disastrous Decisions: The Human and Organisational Causes ...**

Most disasters are caused by human error—meaning wrong decisions. As drillers work and make decisions in teams, their interactions are obviously crucial, and 'Group think' or diffused responsibility can be fatal. Quote from Chapter 12: 'Single point accountability for decisions needs to be a social reality, not just a legal formula.'
