Ok, so my landlord bought a new dryer for the home I rent, leaving it to me to install it. But the plug doesn't fit the outlet in the wall. I've looked and looked, and the only advice I can find for the problem, is to replace the wall outlet, but I can't do that as then the washer won't fit! The plug on the dryer, has 2 prongs at 90 degree angles, and then the ground prong is an L shape.

New dryers power plug doesn't fit the outlet?!? | Yahoo ...  
Operating Cash Flow Projections ... In this case, given standard DCF methodology, a 12% discount rate and a 4% terminal growth rate generates a per-share valuation of \$12.73. Changing only the ...

12 Amazing Employee Handbook Examples (and Free Template)  
Balance is below 0, add funds now or you will be charged a penalty. In the program we initialized the variable balance with the value of -5, which is less than 0. Since the balance met the condition of the if statement ( $balance < 0$ ), once we save and run the code, we will receive the string output. Again, if we change the balance to 0 or a positive number, we will receive no output.
