planet—do relatively poorly on international tests of math and science?

Doing Comparative Politics Timothy Lim

Unlike most other texts in comparative politics that focus on country cases, Lim's valuable book gives students the skills to become critical thinkers and to actually DO comparative politics themselves. (Claudio Holzner, University of Utah)

Approaches ...

This systematic, user friendly, and refreshingly unusual introduction to comparative politics is designed to teach students how to think comparatively and theoretically about the world they live in. The second edition retains the core features of the first, coherently integrating comparative method, theory, and issues, but provides updated material and additional cases throughout.
