If you are looking for Indie books, Bibliotastic provides you just that for free. This platform is for Indio authors and they publish modern books. Though they are not so known publicly, the books range from romance, historical or mystery to science fiction that can be of your interest. The books are available to read online for free, however, you need to create an account with Bibliotastic in order to download a book. The site they say will be closed by the end of June 2016, so grab your favorite books as soon as possible.

Hire a Web Designer - (6 Dumbest Mistakes Smart People Make)

It's a cool application that helps you make complex multi-track recordings but as of right now I've been using it on my Chromebook to work on a song and 1) The program lags a lot, making crackling noises while playing back my track, 2) as of the time I'm writing this review, I've left the window of my song open for almost 24 hours straight after making a bunch of edits because now Soundtrap ...

Svelte is a radical new approach to building user interfaces. Whereas traditional frameworks like React and Vue do the bulk of their work in the browser, Svelte shifts that work into a compile step that happens when you build your app. . Instead of using techniques like virtual DOM diffing, Svelte writes code that surgically updates the DOM when the state of your app changes.

Dont Make Me Think Web

Web, mobile, and desktop applications are obvious candidates, but it's just as effective for things like PowerPoint presentations and election ballots. As Burak Yigit Kaya (@madbyk) tweeted recently: "I seriously think everyone who builds or participates in building things should read the classic "Don't Make Me Think" by @skrug.

Don't Make Me Think | Steve Krug

Since Don't Make Me Think was first published in 2000, hundreds of thousands of Web designers and developers have relied on usability guru Steve Krug's guide to help them understand the principles of intuitive navigation and information design. Witty, commonsensical, and eminently practical, it's one of the best-loved and most recommended books on the subject.
