" Karim is the Wayne Gretzky of embedded Android. His embedded Android training far surpassed my expectations. It gave me a more solid understanding of Android in one week than I was able to learn on my own in several months. This directly translates to a huge boost in productivity and efficiency, which will help my team deliver our embedded ...

Embedded Android Porting Extending And
I have been porting Android to embedded devices the past 2 months. I had no prior knowledge of Android and like the author mentions in the introduction, Android was quite different from embedded Linux. I am left with a lot of questions since I started porting and 1/2 hour with this book already proved its worth.
