have to hunt for the information you need.

Airbusdriver.net

All of the procedures and everything that you can do in an A320
can be done in the A318, 319 and 321. All aircraft have the same
cockpit layout and similar performance. The main differences
between them are minor size changes, passenger capacity and
aircraft range.

AIRCRAFT SYSTEMS

Introduced for airline service in March 1988, the A320
represents the largest single advance in civil aircraft technology
since the introduction of the jet engine and results in a major
stride forward in airline profitability. A computer-managed
system gives complete protection against excursions outside the
normal flight
