Draping for Fashion Design - Creative Techniques Made ...

Draping for fashion design is the process of positioning and pinning fabric on a dress form to develop the structure of a garment design. A garment can be draped using a design sketch as a basis, or a fashion designer can play with the way fabric falls to create new designs at the start of the apparel design process. After draping, the fabric is removed from the dress form and used to create the sewing pattern for the garment.

Draping for Apparel Design by Helen Joseph-Armstrong

Author Helen Joseph-Armstrong incorporates three draping techniques—manipulating dart excess, adding fullness, and contour draping—in design projects featured throughout the text. Projects begin with a draping plan and fashion drawing to identify its creative elements, and determine the draping technique required.
