ERCO – Architectural lighting. Efficient LED light for ...
With Midipoll, ERCO presents a bollard luminaire in the context of efficient visual comfort. Its innovative photometrics with special prismatic lens effectively project the luminous flux onto the target surface — without causing glare, therefore fulfilling dark sky requirements. The night can emerge and the stars are visible.

Erco Lighting, Singapore - eGuide

ERCO develops luminaires with the specifications of good glare control and high visual comfort. UGR values are used as support for purely norm-referenced lighting. With downlights though this should not be carried out using 'blanket' values, but should be implemented according to the individual arrangement of luminaires in the room.
