### **Earth in Mind: On Education, Environment, and the Human ...**

A more important reason to reform education is the rapid decline in the habitability of the earth. This book proposes that the disordering of ecological systems and the great biogeochemical cycles of the earth reflect a prior disorder in the thought, perception, imagination, intellectual priorities, and loyalties inherent in the industrial mind.

### **Book Review: Earth in Mind. Earth in Mind: On Education ...**

In Earth in Mind, noted environmental educator David W. Orr focuses not on problems in education, but on the problem of education. Much of what has gone wrong with the world, he argues, is the result of inadequate and misdirected education that: alienates us from life in the name of human domination causes students to worry about how to make a living before they know who they are ...
