FlightSafety.com ...

Geoff, that's a valid point about DH,
and the same applies to the EC
products too. If your SOPs continue to
treat it as a rad-alt 'bug' then it
doesn't seem to cause a problem, but
may do other operators. I'm equally
bemused as to why the S-92 shouts
"Altitude, Altitude" at you when you
pass the Rad-alt height bug!
