Eco Fashion

Sustainable fashion (also known as eco-fashion) is a movement and process of fostering change to fashion products and the fashion system towards greater ecological integrity and social justice. Sustainable fashion concerns more than just addressing fashion textiles or products. It addresses the entire manner in which clothing is produced, who produces it, and how long the life span of a ...

Sustainable Fashion | Ethical & Eco Friendly UK Clothing ...

Slow fashion opposes the fast fashion model that emerged around 20 years ago, in which clothes became cheaper, and trend cycles sped up. With brands like H&M burning many tonnes of unsold garments per year despite ongoing sustainability efforts to close the loop in fashion, it's clear that this philosophy is a necessary part of the movement ...
