Ecopsychology is a growing somewhat underground movement, a movement however, that many believe will come to fruition in this day of concrete jungles, addiction to science and technology, and our general detachment from our original mother, the Earth.

Ecopsychology by Theodore Roszak, et al.

History. Theodore Roszak is credited with coining the term "ecopsychology" in his 1992 book, *The Voice of the Earth*, although a group of psychologists and environmentalists in Berkeley, including Mary Gomes and Allen Kanner, were independently using the term to describe their work at the same time. Roszak, Gomes and Kanner later expanded the idea in the 1995 anthology *Ecopsychology*.
