Marai authored 46 books. His 1942 book Embers (Hungarian title: A gyertyák csonkig égnek, meaning "The Candles Burn Down to the Stump") expresses a nostalgia for the bygone multi-ethnic, multicultural society of the Austro-Hungarian Empire, reminiscent of the works of Joseph Roth.

Embers Sandor Marai

Sandor Marai has an uncanny ability to demonstrate his ideas through things that are not said. Embers is permeated with nostalgia for the past, a past that, as in Proust, cannot be recaptured. This book is excellent not just for how well it is written and how well it is structured, but for the author's ability to demonstrate his ideas through what is not said.
