Embracing Risk The Changing Culture
Embracing Risk explores this new approach from a variety of perspectives. The first part of the book focuses on the interplay between risk and insurance in various historical and social contexts. The second part examines how risk is used to govern fields outside the realm of insurance, from extreme sports to policing, mental health institutions, and

international law.

Embracing Risk: The Changing Culture of Insurance and ...
For much of the twentieth century, industrialized nations addressed social problems, such as workers' compensation benefits and social welfare programs, in terms of spreading risk. But in recent years a new approach has emerged: using risk both as a way to conceive of and address social problems and as an incentive to reduce individual claims on collective resources.
