Being one of the largest democracies in the world, India runs on a federal form of government. The political environment is greatly influenced by factors such as government's policies, politician's interests, and the ideologies of several political parties.

Emerging Markets: Definition,
Characteristics, List

An emerging market is a country that has some characteristics of a developed market, but does not satisfy standards to be termed a developed market. This includes countries that may become developed markets in the future or were in the past. The term "frontier market" is used for developing countries with smaller, riskier, or more illiquid capital markets than "emerging".
