*Hi, picked up my RCZ on Thursday (2.0 Hdi), every time I start the car I get the warning 'Engine Fault - Repair Needed' come up, it only stays on for 1 or 2 seconds & then goes off. There's no issues when driving etc. Any ideas what this is or should I just take it back to the garage I got it from?*

*Engine fault repair needed? | Peugeot Forums*

*More specifically "Engine fault: repair needed". In case this happens to your RCZ or Peugeot in general or Citroën or even to your luxurious DS, it can mean many things - it's basically a very general fault code for your engine. However, it doesn't always mean that the fault origin is to be found in the engine.*

*In case you have a Main information display like on the Peugeot 206-207-308-3008-508 or the Citroen C3, C4, C5, DS3, DS4, DS5, there is a chance that the display is telling you what is going on. "Depollution system faulty" or "engine repair needed" are general fault alerts. Designed to grab your attention.*

*Engine Fault - Repair Needed | Peugeot RCZ Forum*

*Constant check engine light with Engine fault: repair needed message is displayed on the BC. If the engine has a very rough idle, a high-pressure fuel pump is often a common cause. If it idles fine but has a lack of power and poor acceleration, there is a large boost leak, or you could have a clogged catalytic converter.*
