**I consider this book to be very good for real dummies of Engineering, like  
1st and 2nd year students of Engineering, but not so much for the rest of  
people: I am in my fourth year of Software Engineering and I have studied  
what this book teaches intensively and in much more detail. Even so, it is  
useful to listen over and over things like the importance of good  
requirements, testing and change ...**
