Essential Oils Pocket Reference by Life Science Publishing

I actually have the 6th edition but it's a very helpful reference book for therapeutic grade essential oils. It contains a section all about the single oils (what they're made from, where they're from, the history of the oil, and then there's a section about all the blends (what oils are in them, what they're used for), and then there's a section where you can search for different ailments ...
