employees as win-win trading partners and those who see employment as exploitation; and between those who see landlords and tenants as trading value to mutual benefit and those who see poor tenants vulnerable to being taken advantage of by rich landlords.

**Ethics And Economics Markets Morality**  
In *Ethics in Economics*, Jonathan B. Wight provides an overview of the role that ethical considerations play in economic debates. Whereas much of the field tends to focus on welfare outcomes, Wight calls for a deeper examination of the origin and evolution of our moral norms. He argues that economic life relies on three interrelated ethical systems: outcome-based, duty- and rule-based, and ...
