humankind—that have lived on our planet's continents and in its oceans.

Evolution: The Story of Life on Earth by Jay Hosler, Kevin ...

Life has no destination, no ultimate goal. it evolves to take advantage of new ways of getting resources. in this case, a sea full of fish is a lovely resource for a reptile that can swim. I see.

That's the sea and air, what about the land, Bloort? Reptiles on the land would radiate and give rise to several groups. These include
