Green laning: driving off-road in the UK | Auto Express
Green road driving and riding refers to the recreational use of motor vehicles such as 4x4s and trail bikes on unsealed routes with public vehicular rights. These routes are often referred to collectively as 'green roads', but more formally they are known as 'Byways Open to All Traffic' (BOAT), 'Unsurfaced County Road' (UCR), or 'Other Route with Public Access' (ORPA - on Ordnance Survey Maps).

Discovering Green Lanes: Amazon.co.uk: Valerie Belsey: Books
A green lane is a type of road, usually an unmetalled rural route. England and Wales. In particular, a green lane is unmetalled, and may be so infrequently used that there is no wearing of the surface, allowing vegetation to colonise freely, hence "green". Many green lanes are ancient routes that have existed for millennia, such as ...

Green Lane Association
