Fabric, form and flat pattern cutting (Book, 1996 ...

Pattern making. A patternmaker typically employs one of two methods to create a pattern.. The flat-pattern method is where the entire pattern is drafted on a flat surface from measurements, using rulers, curves and straight-edges. A pattern maker would also use various tools such as a notcher, drill and awl to mark the pattern. Usually, flat patterning begins with the creation of a sloper or ...
