The art and science of facilitation: 6 steps to promote ...

The synthesis of facilitation and feminism into a pedagogy was a valuable approach for teaching interpersonal skills and created a bedrock for students to develop graduate attributes (Simpson, 2007). The module tutor's reflective diary was an effective tool for peer assisted learning where aspirations and doubts were reflected upon and some of the living pearls of feminist pedagogy were revealed.

FACILITATION SKILLS Synopsis

No matter your role, the goal is to learn about being a facilitator and to tap the power of facilitation. Whether you want to learn skills, explore topics or make an impact, your results depend on your ability to interact with others. Facilitation, makes "interaction with others" into an art and science.

Facilitation - an Art, Science, Skill - or all three ...

Science facilitation is not a scientific process, it is an art. This is a skill of which there are huge variations of talent. It has tools, techniques and instruments, which a skilled practitioner may use to create meaningful and purposed conversation.

Facilitation An Art Science Skill

Art and science in facilitation combined, could be the way to become a good facilitator (includes learning some facilitation techniques). This path, in my view, is a journey of practice, and it is a growth path, so the benefits of learning SPOT for teams is not only to guide teams towards goals more effectively, but also a personal growth process.
