Fermec 860

The purpose of the Murray Quick Hitch Attachment is to allow the operator to change quickly from one implement to another. This is done by releasing the locking lever at the side of the Quick Hitch, driving out of one implement and into the next and closing the locking lever again. The locking lever can be operated remotely by a hydraulic cylinder if required and is offered as an option.

Fermec Mf 860 Manual

This backhoe loader is built to provide up to 71.5kW or 95 horse power, delivered from its powerful Perkins engine to the 8.2t 860 machine. This Terex-Fermec backhoe loader belongs to the medium sized machine segment in the backhoe loaders category.
