Financial Crisis and Transformation of Korean Business ...

narrower: the crisis had its roots in the financial sector and manifested itself first through disruptions in the system of financial intermediation. This story is in itself not new. Many economic crises in history have been the result of financial crises, and many financial crises in turn originated as failures of financial intermediaries.

Financial Crisis and Transformation of Korean Business ...

Economic Crisis History. The first warning was a bubble in the stock market. Wise investors could have started taking profits in the summer of 1929. In October, the 1929 stock market crash kicked off the Depression. The Fed used contractionary monetary policy to protect the value of the dollar, then based on the gold standard.

The 2008–2014 Spanish financial crisis, also known as the Great Recession in Spain or the Great Spanish Depression, began in 2008 during the world financial crisis of 2007–08. In 2012, it made Spain a late participant in the European sovereign debt crisis when the country was unable to bail out its financial sector and had to apply for a €100 billion rescue package provided by the European Stability Mechanism. The main cause of Spain's crisis was the housing bubble and the accompanying ...
