Financial Economics Zvi Answer

Which of the following statements about financial markets and securities is true? A) A bond is a long-term security that promises to make periodic payments called dividends to the firm's residual claimants. B) A debt instrument is intermediate term if its maturity is less than one year.

Packed classrooms, teacher shortage: Egypt's failed ...

Crossposted from my blog. When I mention my dad's abuse, I mention salient things - physical pain, insults, and controlling behavior. These are "clearly bad" - if I tell you that he often told me I was lazy and would fail horribly at life once I left home, you know it's bad, because it's concrete, easy to imagine and obviously unkind.

Abdel-Fattah al-Sissi's Egypt is earning praise for its economic reforms, and international financial institutions predict a 2.5-4.5 percent growth this year and next year. The deficit has soared to \$5.13 billion, compared to \$3.83 billion last year, but the expectation is that Egypt will be able to bridge this gap once tourism resumes.
