Paso Partners | Five Senses - Lesson 4: Touch

To explore one of the five senses, choose Hearing, Skin, Smell, Taste, or Vision from the pull-down menu at the top right corner of the main page. Then watch an animated movie on how that sense works, perform an experiment or participate in a sense-related activity, read a comic about that sense, explore a time line, and take a pop quiz.

THE FIVE SENSES - Northern Arizona University

Teaching the Five Senses. Found in: Free Resources for Educators. The best way to teach children about their senses is to have them use them. Actually smell, see, taste, hear, and touch. Teachers of two-year-olds need to keep the lessons very simple. Teachers of three- and four-year-olds should expand the activities as the children move through ...

5. Home of the Taste Buds: The Tongue Is the Principal Organ of Gustation. What are all those small bumps on the top of the tongue? They're called papillae. Many of them, including circumvallate papillae and fungiform papillae, contain taste buds. When we eat, chemicals from food enter the papillae and reach the taste buds.
