Ford 460 engine problems: Michael: 6-26-06 : I have a 1996 Ford 460 engine in my class C motorhome. I have had 2 occasions when the engine has died going up a hill while at high altitudes and when the outside temperature has been hot (over 95 degrees). When stepping on the throttle going up a steep hill the engine dies.

Crate Engines - Ford 460 Turnkey Engines

I was wondering if any of you experienced RV types have an opinion on the Ford 460 engine as far as suitability for use with a Class A motorhome. Is this engine preferable to the V-10 used on some similar motor homes. I was wondering as to how durable they are. The one I am looking at is powering a 98 Coachmen Catalina Class A.

460 Ford Motor RVs for sale - SmartRVGuide.com

It is the second GM built motorhome I have owned and have had no problems with it. It seems whenever I hear of a catastrophic engine failure in a gas engine it is a Ford product. I know my 5.7L won't run up a mountain like the old 460 or a current V10, but it consistently give far better fuel mileage and little or no problems.

The Other Big Block: Ford 460 Upgrades

10 Best and Worst Diesel Engines in History. Ah the elusive diesel engine: power, strength and the raw horsepower to get the things done. You can't go wrong with diesel and in this author's humble opinion you're already way ahead of the curve if you go diesel vs a puny gas engine.
