These measurements are general, and can vary depending on what equipment you, or the factory, installed. Engine Swap Measurement Chart: Engine:

The Novak Guide to Installing Ford Windsor V8 Engines into ...

In car tuning culture, an engine swap is the process of removing a car's original engine and replacing it with another. This may be a like-for-like replacement, or to install a non-factory specification engine. Typically an engine swap is performed for performance, swapping-in a more powerful engine; however, an engine swap may also be performed for maintenance, where older engines may have a ...
