*The book is subtitled a first contact technothriller and that's what attracted me to it. I usually like "first contact" stories. What I didn't expect was that the majority of the 400 pages was really about earth's international politics, including the Russians, the Chinese and other nations, all banding together to build something that had never been built before.*

*First Contact is the most obvious of story arcs with an Alien Arrival, but the Author has taken this book to the next level. The arrival also sets in motion a series of other stories and scenarios that make this story utterly brilliant, political intrigue, murder, a space race to reach the object as well as some fairly fas Freefall is an amazing book, so many different stories in one.*
