**...**

***I read From Seed to Pumpkin with my four-and-a-half year old. He's been interested in growing things from seeds and in the growing cycle so it was timely for us. He was absorbed for the "story" (such as it was; it's mostly just informative/science info about how pumpkins grow from seed to harvest, but the farmer and children in the illustrations help make it more fun and easier to relate to ...***

**...  
Pumpkin seeds can be planted only on farmland. Over time, they grow into a stem and produce a pumpkin on any adjacent dirt, grass block, farmland, podzol or coarse dirt. If a pumpkin is already occupying an adjacent dirt/grass or farmland spot, the stem does not grow more pumpkins until the pumpkin is removed.**
