Xhosa Wars - Wikipedia

“The frontier is the outer edge of the wave,” writes historian Frederick Jackson Turner, “the meeting-point between savagery and civilization—the line of most rapid and effective Americanization.” It was the U.S. Army’s role to facilitate this Americanization and expansion into the western frontier.

The frontier is the margin of undeveloped territory that would comprise the United States beyond the established frontier line. The U.S. Census Bureau designated frontier territory as generally unoccupied land with a population density of fewer than 2 people per square mile (0.77 people per square kilometer). The frontier line was the outer boundary of European-American settlement into this land.

The first frontier had to meet its Indian question, its question of the disposition of the public domain, of the means of intercourse with older settlements, of the extension of political organization, of religious and educational activity. And the settlement of these and similar questions for one frontier served as a guide for the next.
