Gender Uality And Body Politics

I. Sex/Gender: Feminist and Phenomenological Views
Feminist theory has often been critical of naturalistic explanations of sex and sexuality that assume that the meaning of women's social existence can be derived from some fact of their physiology. In distinguishing sex from gender, feminist theorists

Performative Acts and Gender Constitution: An Essay in ...

The term 'homosexuality' was coined in the late 19 th century by an Austrian-born Hungarian psychologist, Karoly Maria Benkert. Although the term is new, discussions about sexuality in general, and same-sex attraction in particular, have occasioned philosophical discussion ranging from Plato's Symposium to contemporary queer theory. Since the history of cultural understandings of same ...

Homosexuality (Stanford Encyclopedia of Philosophy)

Societal attitudes toward homosexuality vary greatly across different cultures and historical periods, as do attitudes toward sexual desire, activity and relationships in general. All cultures have their own values regarding appropriate and inappropriate sexuality; some sanction same-sex love and

Overview. Sexual morality has varied greatly over time and between cultures. A society's sexual norms—standards of sexual conduct—can be linked to religious beliefs, or social and environmental conditions, or all of these. Sexuality and reproduction are fundamental elements in human interaction and societies worldwide. Furthermore, "sexual restriction" is one of the universals of culture ...
