ACCA vs CIMA - Which One Is More Useful (With Infographics)

CIMA is a specialist management accounting qualification, a perfect course for those who are focused on their choice and area of work. CIMA works best for candidates who have a keen interest in the world of business and management. It has a good overlap with business practice, so it’s an excellent starting point for a career in that sphere.

General Comments - CIMA

©The Chartered Institute of Management Accountants Page 1 General Comments Performance in the March 2014 examination was, overall, quite good. Candidates performed very well on the multiple choice questions in Section A with many achieving full marks. Performance in Section B was good but varied between the different sub-questions.

General Comments Cima

General Comments. This examination discriminated well between the very well prepared candidates and the rest. A much higher proportion of candidates gained marks over 70% than in previous diets. Several candidates had marks in the upper 70's with two candidates producing excellent papers with scores of 84% each.
