member of the geometry writing team. The team produced several course outlines and sample pages for a 10th grade geometry course, and then Moise and Floyd L. Downs wrote a geometry textbook, based on the team's approach, that was published in 1964.

Geometry by Edwin E. Moïse

Moise Downs Geometry is a classic text that forever changed the way Geometry is taught. The authors clarified the use of terms and symbols, differentiating between concepts that often were confused before such as two triangles being "equal" vs being "congruent."
