Destroyer: German Destroyers in World War II: W. J ...

The German large, or ocean-going, torpedo boats and destroyers of World War I were built by the Imperial German Navy between 1899 and 1918 as part of its quest for a "High Seas" or ocean-going fleet. At the start of the First World War Germany had 132 such ships,...

German ocean-going torpedo boats and destroyers of World ...

This class of four ships was the first German destroyer class built since World War I, laid down between October 1934 and January 1935. They were not very good ships. They were not very good ships. Built rapidly, they were too wet in heavy seas, which could make their forward guns unusable, there were structural weaknesses and machinery problems.

Best Destroyers of World War II - chuckhawks.com

REALLY detailed information on German destroyers in World War II. Far and away the best I have seen on the subject. It covers the design concepts and design details of every class of Kriegsmarine destroyers and discusses their good points and their short comings.

German Navy in World War 2, surface ships

Powerful units on paper, the handsome, twin stack, German destroyers of the Second World War generally failed to perform to expectations. Some classes were armed with 5.9" (150mm) guns, but these guns proved to be too heavy and slow firing for many destroyer purposes, so the final class of German destroyers to see service, the 1936B type (launched 1942-1944), reverted to 5" main battery guns.

List of battleships of Germany - Wikipedia

Between 1892 and 1914 destroyers became markedly larger: initially 275 tons with a length of 165 feet (50 m) for the Royal Navy's first Havock class of torpedo boat destroyers, up to the First World War with 300-foot (91 m) long destroyers displacing 1000 tons was not unusual. However, construction remained focused on putting the biggest possible engines into a small hull, resulting in a somewhat flimsy construction.

German Destroyers Of World War

At the outbreak of the Second World War Nazi Germany 's Kriegsmarine had 21 destroyers (Ger: Zerstörer) in service, while another one was just being completed. These 22 vessels 1 comprising 3 classes (Type 34, 34A and 36) 1 had all been built in the 1930s, making them modern vessels...

WW2 German Warships and Submarines (1939-1945)

The German navies1specifically the Kaiserliche Marine and Kriegsmarine of Imperial and Nazi Germany, respectively2built a series of battleships between the 1890s and 1940s. To defend its North and Baltic Sea coasts in wartime, Germany had previously built a series of smaller ironclad warships, including coastal defense ships, and armored frigates. With the accession to the throne of Kaiser Wilhelm II in 1888, the Kaiserliche Marine began a program of naval expansion befitting a Great ...

Amazon.com: german destroyers of world war ii: Books

Nevertheless, the Imperial German Navy was a formidable force in World War I, being the first navy in the world to display the crippling effectiveness of submarines (despite technological limitations) against unescorted merchant shipping and slow, sluggish warships. After her defeat, Germany once again set about attempting to challenge the ...
