Global Consulting – Roland Berger

In 2012, a significant decline in the aerostructure tooling equipment market was forecasted, primarily due to a lack of major new programs in the pipeline after the industrialization of the A350 and the B787. Has the expected downturn only been deferred or are we experiencing a sustainable long-term market stabilization?

Global Logistics Markets – Roland Berger

The overall global logistics market is expected to grow at an average annual growth rate of 2.4-3.0% for the next 5 years, driven by regional and global trade volumes and a growing share of outsourced logistics. Over the past ten years, global logistics markets have grown substantially – typically by 2.0-2.5 times the global GDP.
