Good to Great (Audiobook) by Jim Collins | Audible.com

Good book, shows great examples of what it takes for some companies to be sustainable powerhouses. Great ways to think of how businesses should be run and cultures that support them be maintained. Liked the examples.

Good to Great: Why Some Companies Make the Leap... and ...

Challenging Good to Great. A criticism of Good to Great, is that some of the great companies, featured in the book, are no longer great. However, Collins viewed and analyzed these companies as looking into the past. Therefore, making no claims as to their future success. Collins never claimed that these once great companies would always be great.
