## Salaries & Wages

3 The second directive on wages, which in fact and in law is an Act of Parliament, became effective from the 1st of May 2000. The main provision of this Act was that the least paid worker in both the private sector (formal) and State Governments' employment should go home with N5500 (about \$55 then) every month.

Policy Regarding Wages: A just or even an economically sound wage policy should encourage increase of national income and secure to the wage earner a legitimate share in that increase. The purpose of the Government's wage policy, as clearly stated by the Second Plan, is "to bring wages into conformity with the expectations of the working class in the future pattern of society."

As this paper explains, wage stagnation is not inevitable. It is the direct result of public policy choices on behalf of those with the most power and wealth that have suppressed wage growth for the vast majority in recent decades. Thus, because wage stagnation was caused by policy, it can be alleviated by policy.

## Wages Policy and the Enterprise Bargaining Framework

Wage adjustments become effective in accordance with what is commonly referred to as the 45-day law. This law states that the Government has 45 working days to put FWS pay adjustments into effect after each wage survey starts. Wage schedules are effective with the first pay period after the 45-day period expires.
