Lesson 12 Summary Tape diagrams

can help us make sense of

percentages. Consider two

problems that we solved earlier

using double number lines and

tables: "What is 30% of 50

pounds?" and "What is 100% of a

number if 140% of it is 28?"

Throughout this unit, students identify and explore issues related to the management of the environment and resources at the local, provincial, national, and international levels. Students apply an Environmental Impact Assessment template to model ways that environmental or resource management issues may be analyzed.
