Grammaticalization

In historical linguistics and language change, grammaticalization (also known as grammatization or grammatization) is a process of language change by which words representing objects and actions (i.e. nouns and verbs) become grammatical markers (affixes, prepositions, etc.).Thus it creates new function words by a process other than deriving them from existing bound, inflectional ...

Grammaticalization - Cambridge

Introductory Works. The fundamental insight of grammaticalization (also called grammatization) is grammar, a change from lexical to grammatical content via reanalysis of a lexical item to be merged in a functional category, as emphasized in Andersen 2008. Meillet 1912 and Kury?owicz 1965 argue that grammaticalization is a change from lexical to grammatical content or from hybrid ...
