In most printed text that I read, whether in books, magazines, or newspapers, the margins are justified. Here's how James Felici, The Complete Manual of Typography (2003), defines "justified margins": justified margins A text alignment in which the type in each line of a column completely fills the measure. This creates straight, (usually) vertical margins […]

100 design quotes to ignite your inspiration – Learn

Over my 19-year career as a designer, I've amassed quite a nice collection of books on typography. Some have been more useful than others. In this article, I will share my thoughts on the books I've read, as well as gather together a list of books I've seen recommended elsewhere that I hope to read in the future.

Design thinking - Wikipedia
