Hammond A100 Service Manual

It has a terminal strip under each manual to accommodate the necessary frequency wires from the tone generator assembly. Each manual has 61 playing keys, 9 preset keys, and 2 adjust keys, each of which operates nine small bronze contact springs with precious metal points (See Figure 15). When a key is pressed these points make contact with nine busbars extending the entire length of the manual.

Hammond schematics here and elsewhere on the Net

It points to the fact that a Hammond A-100 organ is in fact the exact same organ as the legendary B-3, and then some. As many may know, the A-100 is the home version of the B-3/C-3 organs. The cabinets of the A-100 models were all, with one exception, tailored for home use: No locking top, built-in speakers and reverb, and a wider selection of ...
