The history of advertising can be traced to ancient civilizations. It became a major force in capitalist economies in the mid-19th century, based primarily on newspapers and magazines. In the 20th century, advertising grew rapidly with new technologies such as direct mail, radio, television, the internet and mobile devices. Between 1919 and 2007 advertising averaged 2.2 percent of Gross ...

The history of animation started long before the development of cinematography. Humans have probably attempted to depict motion as far back as the paleolithic period. Much later, shadow play and the magic lantern (since circa 1659) offered popular shows with projected images on a screen, moving as the result of manipulation by hand and/or minor mechanics.

This essay is dedicated to the memory of Eric Christenson, PhD who passed away in early April. Eric was a noted authority on Maxillaria and was continuing to describe new species up to his death. While outspoken, Eric was always willing to make suggestions to improve articles I wrote for web and print.
